

Our vision

The future at work, right here, *right now.*

Cyviz Integrator Kit

Cyviz is Next Level Collaboration.

We bring communication, control, and interaction together, powered by advanced technology but driven by people. Cyviz makes life better by making the complex simple, ensuring work is more immersive, productive, and ultimately more enjoyable.

As a global technology and platform provider, we deliver adaptable collaboration spaces that ensure rich, inclusive experiences. Our intuitive and configurable platform powers high-impact spaces, meeting the ever evolving needs of the modern workplace.

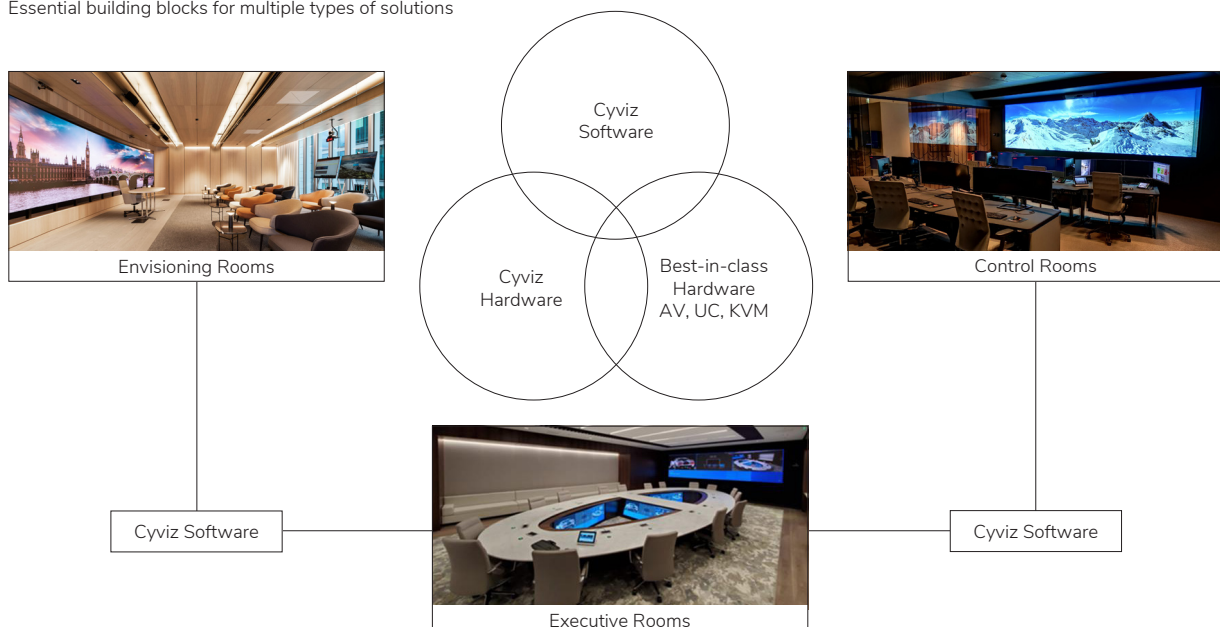

Industries benefiting from advanced meeting spaces

- **Executive Spaces for Corporate Enterprises:** Boardrooms and executive briefing centers to facilitate strategic discussions, stakeholder presentations, and high-level decision-making to engage audiences.
- **Innovation Hubs for Technology Companies:** An immersive space designed for impactful presentations, showcasing ideas through engaging visuals, to sell products and services to increase revenue.
- **Integrated Operation Centers for Energy Sector:** Dynamic Operation and Control Rooms provide real-time data visualization for collaboration, critical decision-making and accelerated learning in operational environments.
- **Command and Control Centers for Government and Defense:** Secure visualization ensures effective communication, strategy planning, and graded information protection in dynamic command centers for mission-critical operations.

The essential building blocks for all these multiple types of solutions are the Cyviz Integrator Kit. With the Cyviz Integrator Kit, you can elevate and redefine collaboration experiences and ensure your customers have the tools needed for exceptional performance in every meeting space - next-level solutions start here, and they're powered by Cyviz.

Cyviz Core Technology

Essential building blocks for multiple types of solutions

Simplify complexity and create value with next level collaboration rooms

- **Innovation Stand-Up Room:** A collaborative space to create and design new products and services with creative brainstorming sessions, encouraging agile problem-solving and real-time ideation.
- **Next Level Collaboration Room:** Bringing different teams together to conceptualize new products and services enhancing communication with advanced visualization and engagement tools.
- **Executive Room:** A premium meeting space featuring advanced technology designed for strategic discussions about investments into new products and services to increase share and stakeholder value.
- **Storytelling / Envisioning Room:** An immersive space designed for impactful presentations, showcasing ideas through engaging visuals, to sell products and services to increase revenue.
- **Dynamic Control Room:** Operate products and services from a high-tech space designed for real-time monitoring, decision-making, and collaboration, using advanced visualization and data integration.

What Makes Cyviz Different? It's Not About What, it's About How

Cyziv stands out in the industry for its innovative approach and commitment to excellence.

Here's what makes the Cyviz experience unique:

- **You can deliver Standardized Solutions with a Consistent User Experience:** Cyviz solutions are standardized with a consistent user experience, reducing training and increasing efficiencies. This approach ensures predictable performance and ease of use, without sacrificing flexibility.
- **You can deliver Advanced Capabilities available for all your Customers:** We integrate and pre-configure market-leading audio-visual equipment, advanced control platforms, and real-time data visualization for you to deliver immersive collaboration experiences. Our technology is designed to handle complex environments with ease without programming and questioning ownership of code.
- **You can deliver End-to-End Managed Services:** From design and deployment to ongoing support and maintenance, you are able to provide a comprehensive managed services to ensure the success of your implementations and prove value for your customers.

Delivering Excellence with Cyviz: From Design to Onboarding

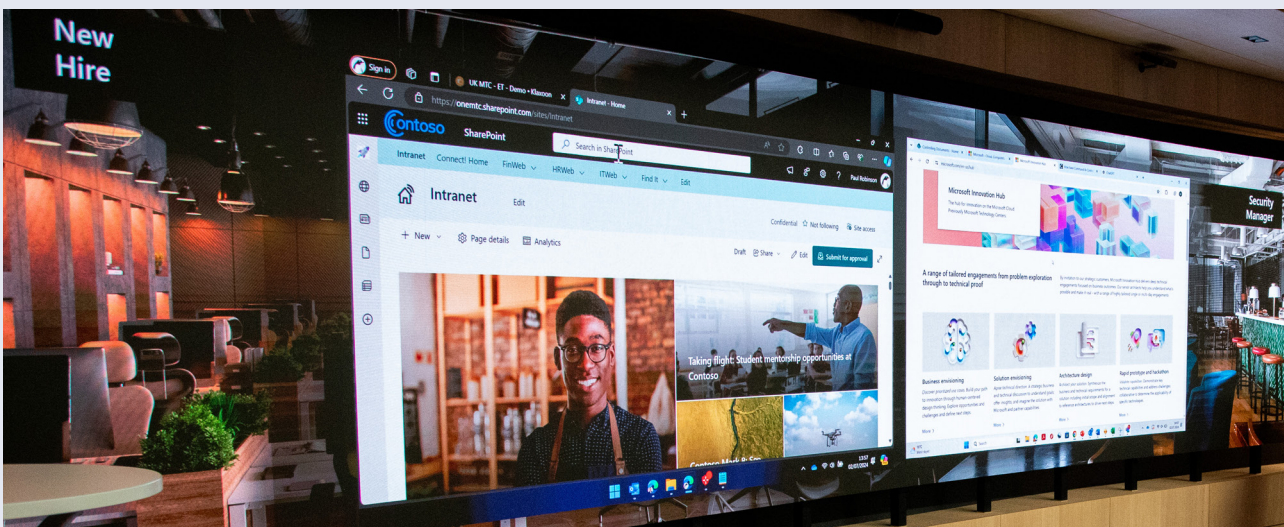

At Cyviz, we understand that creating a world-class collaboration space involves much more than just technology; it requires a comprehensive, end-to-end approach that ensures success from day one. The Cyviz Experience is built on five key pillars: Design Principles, Approved Equipment, the Design Wizard, White Glove Onboarding, and Partner Support.

Design Principles: Setting the Standard for Success

Our commitment to excellence begins with a robust set of design principles that guide every project. We take a user-centric approach, focusing on optimizing the room layout, technology integration, and overall user experience. By emphasizing simplicity, consistency, and scalability, we ensure that Cyviz solutions deliver a predictable and seamless experience, whether it's for a small meeting room or a large, multi-purpose collaboration space.

Approved Equipment: Quality You Can Trust

We believe that reliable performance starts with quality components. That's why we only recommend approved equipment that meets our stringent standards for compatibility, durability, and performance. All components on the approved list are rigorously tested to ensure they integrate flawlessly into the Cyviz ecosystem, reducing the risk of compatibility issues and ensuring a smooth installation process. This approach allows you to deliver solutions that are not only high-performing but also highly reliable.

The Cyviz Design Wizard: Simplifying Complexity

To help you streamline the design and setup process, utilize the Cyviz Design Wizard, a powerful tool that simplifies complex configurations. This intuitive software guides you through the design of the collaboration space, making it easy to select features, customize layouts, and configure room settings. With the Design Wizard, you reduce the time and cost associated with room design while ensuring a consistent, high-quality user experience.

White Glove Onboarding: A Seamless Start

The Cyviz experience ensures that your team is ready to hit the ground running from day one. We provide training, setup assistance, and hands-on support to make sure everyone is familiar with the system. This tailored approach minimizes support requirements, enhances user adoption, and ensures that every new collaboration space is operating at peak performance right from the start.

Co-Selling: A Partnership for Success

At Cyviz, we value collaboration not just with our customers but also with our partners. We work closely with your sales teams to help position and sell our solutions effectively. By providing training, marketing resources, and joint go-to-market strategies, we ensure that everyone is aligned and equipped to deliver the best possible value to your customers.

The Cyviz Difference: A Complete Solution

From initial design to ongoing support, our comprehensive approach sets us apart. With a focus on quality, user experience, and seamless integration, Cyviz delivers collaboration solutions that are not only next level but also built to last. Trust Cyviz to bring the vision of a dynamic, high-performance collaboration space to life.

Cyviz Global Customers
